Developer's approval of any general contractor or builder for any particular lot shall not be considered approval to build on any subsequent lot, nor does the Developer waive any right to disapprove any general contractor or builder on any subsequent lot because of approval on a previous lot. Any approval by Developer of any general contractor, contractor or builder shall in no manner whatsoever serve as a guarantee, warranty or representation of the quality of workmanship by said general contractor, contractor, or builder, or of the ability of said general contractor or builder to fully perform the work for which the owner contracted, nor the owner's satisfaction therewith.

Furthermore all sump pumps, downspouts, and footings drains shall not be connected to sanitary sewers.

2.6. Erosion Control.

(a) Each lot owner, specifically including without limitation a builder intending to construct and sell a home on such lot, shall comply with the erosion control plan filed for the development pursuant to Rule 5 of 325 IAC 15, et seq., pertaining to Storm Water Runoff Associated with Construction Activity. All erosion control measures shall be performed by personnel trained in generally accepted erosion control practices, and shall comply with the design criteria, standards and specifications for the erosion control measures established by the Indiana Department of Environmental Management in guidance documents similar to or as effective as, those outlined in the Indiana Handbook for Erosion Control in Developing Areas published by the Indiana Department of Natural Resources, Division of Soil and Water Conservation.

(b) Prior to the construction of a single-family residence or any appurtenant structure on each individual lot, it shall be the responsibility of the lot owner, or his assigns, to maintain erosion control on each lot to prevent erosion of earth onto any road, curb improvements, adjoining lot or adjacent property. After the transfer of ownership from the builder to the resident, each individual lot owner shall have a continuing duty to similarly prevent any erosion of earth onto road, curb improvements, adjoining lot or adjacent property. Should any lot owner, or his agents, fail to take any steps deemed as reasonably required to prevent such erosion, the Developer and/or the Association, or any person to which they may assign such rights, may take such actions as they deem reasonably necessary and appropriate to halt or mitigate any such erosion within any such lot. By acceptance of a deed to the lot, each owner acknowledges that it impliedly grants a license to Developer, its agents or assigns, to enter the lot at any and all reasonable times for purposes of taking such actions. Promptly after receipt of written demand, the lot owner shall reimburse the Developer or other performing parties for all expenses incurred in effecting such actions, including any reasonable attorney's fees incurred in effecting such actions or collecting such costs. Developer shall have lien rights with respect to any such costs not paid by the lot owner within thirty (30) days after written demand.

(c) Drainage of each lot shall conform to the engineered general drainage plans prepared by Developer's engineer, Paul Primavera & Associates, Inc. Under no circumstances shall a drainage ditch be filled, altered or piped without the prior written consent of Developer's engineer. (d) Surface drainage easements and common areas used for drainage purposes as shown on the recorded plat of the development are intended for either periodic or occasional use as conductors for the flow of surface water runoff to a suitable outlet, and the land surface across which such runoff is intended to flow shall be maintained in any unobstructed condition, with Floyd County Surveyor, Floyd County Engineer, or other appropriate public authority having

jurisdiction over storm water drainage, shall have the right to determine whether or not an inappropriate obstruction exists, and to repair and maintain, or require such repair or maintenance by the affected lot owner, as such authority determines as reasonably necessary to keep such runoff conductors in an unobstructed condition.

(e) The lot owner shall request inspection and approval by Developer of the finish grading on each lot prior to it being seeded or sodded, and the grant or denial of such approval shall be subject to Developer's sole reasonable discretion. Developer shall further have the authority to offset any costs incurred in halting or mitigating erosion control problems on any lot as identified by Developer in its sole discretion.

2.7. Yards. All yards shall be graded and sodded upon completion of construction of a residence. All finished grades must be in accordance with construction plans, approved by Developer.

2.8. Utilities. Each lot owner's electric service lines shall be underground throughout the length of service line from Duke Energy's point of delivery to customer building; and title to the service lines shall remain in and the cost of installation and maintenance thereof shall be born by the respective lot owner upon which said service line is located. Appropriate easements are hereby dedicated and reserved to each property owner, together with the right of ingress and egress over abutting lots or properties to install, operate and maintain utility service. Electric service lines, as installed, shall determine the exact location of said easements. The electric and telephone easements shown on the plat shall be maintained and preserved in their present condition, and no encroachment therein and no change in the grade or elevation thereof shall be made by any person or lot owner without the express written consent of Duke Energy and any applicable telephone and other telecommunication provider, and their respective successors and assigns.

(a) All utility meters must be located on the side of the home

(b) Easements for overhead transmission and distribution feeder lines, poles and equipment appropriate in connection therewith are reserved over, across and under all spaces outlined by dashed lines and designated for underground and overhead facilities. Aboveground electric transformers and pedestals may be installed at appropriate points in any electric easement. In consideration of bringing service to the property, Duke Energy is granted the right to make further extensions of its lines from all overhead and underground distribution lines.

(c) The electric and telephone and telecommunication easements hereby dedicated and reserved to each lot owner, as shown on the recorded plat of the development, shall include easements for the installation, operation and maintenance of cable television service to the lot owners, including the overhead and/or underground installation and service of coaxial cables, cable drop wires, converters, home terminal units and other necessary or appropriate equipment, as well as easements for the installation, operation and maintenance of future communication, telecommunication and energy transmission media.

(d) To the extent any electric lines, telecommunication lines, water, sanitary sewer or drainage facilities serving a lot cross lot lines and are not in easements shown on the recorded plat, each lot owner serviced by such a line and the Homeowners Association shall have an

easement for the purpose of access to such facilities and for maintaining such facilities wherever located. In exercising this easement right, every lot owner shall take care to minimize the disruption to or disturbance of another lot and the Common Area and shall, at the sole cost of the lot owner or Association exercising access and maintenance rights, repair any damage caused to other property and restore any disturbed property to the condition that existed prior to exercise of these easement rights to the extent reasonably possible.

2.9. Enforcement. Upon a lot owner's failure to abide by or comply with the provisions of this Article II, Developer or its assignee may take such action as necessary to enforce a lot owner's obligations and compliance therewith. A lot owner shall immediately, upon demand, reimburse Developer or, at Developer's direction, other performing party, for all expenses incurred in so doing, together with allowable statutory interest. Developer shall have a lien on the lot and the improvements thereof to secure repayment of such amounts. Such lien may be enforced in the same manner and with the same priority that the lien for annual and special assessments may be enforced. Enforcement of these restrictions shall be proceeding at law or in equity, brought by any owner of lot or other real property in The Villas of Heritage Springs development, or by the Developer, against any party violating, or attempting to violate, any covenant or restriction to either restrain violation, to direct restoration, or to recover damages. In the event that any building construction is done in violation of the plans, specifications, or material approvals by the Developer or its assigns, then the building contractor and lot owner(s) shall be jointly and severally liable to the Developer for an enforcement fee of \$2,500.00 in addition to injunctive relief, damages and expenses of litigation, including reasonable attorney's fees. Such fee is payable within thirty (30) days of written notice. The Town of Greenville shall have enforcement authority over covenants or restrictions required by the ordinance of the plan commission during preliminary approval.

2.10. Obligation to Construct or Re-convey. Each lot owner shall, within three (3) years after the date of conveyance of a lot without a dwelling thereon, commence in good faith the construction of a single-family dwelling approved according to Section II, upon each lot conveyed; provided, however, that should said construction not commence within the specified period of time, and/or if the lot owner has not complied with all of the restrictions herein or from this time forth does not comply with such restrictions as provided, then the Developer may elect to repurchase any and all lots on which construction has not commenced for eighty percent (80%) of the original purchase price of said lot or lots hereunder, in which event the lot owner shall immediately re-convey and deliver possession of said lot or lots to the Developer by warranty deed. Failure of the Developer to elect to repurchase any lot on which construction has not timely commenced under the terms of this provision shall not be deemed a waiver of the Developer's right to elect to repurchase in the future any or all of such lots on which construction has not timely commenced.

2.11. Restrictions Run with Land. Unless altered or amended under the provisions of this Paragraph, these covenants and restrictions are to run with the land and shall be binding on all parties claiming under them for a period of twenty five (25) years from the date this document is first recorded, after which time such covenants shall automatically be extended for successive periods of ten (10) years, unless an agreement in writing changing or releasing said Covenants and Restrictions, in whole or in part, and signed by the then owners of not less than fifty one percent (51%) of said tract by area, exclusive of dedicated roadways, has been recorded

in the Recorder's Office of Floyd County, Indiana. Failure of any owner to demand or insist upon observance of any of these restrictions, or to proceed for restraint of violation of any of these restrictions, shall not be deemed a waiver of the violation, or the right to see enforcement of these restrictions.

2.12. Reservation by Developer to Alter or Amend Restrictions and Protective Covenants. The Developer, its successors and assigns, reserves the right to alter or amend these restrictions and protective covenants during the development period of the development. For purposes of this section, the development period shall be from the date that these restrictions and protective covenants are executed by the Developer and until the last lot within the development is conveyed to a third party.

2.13. Adjoining Property
The adjoining properties may be zoned agricultural or commercial.

2.14. Invalidation
Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions, which shall remain in full force and effect.

2.15. Maintenance Fee. A Monthly maintenance fee will be charged to each lot owner. This fee is in addition to the \$150.00 per year Community Association fee. This fee is detailed in an additional contract that will be signed by the buyer at the time of purchase.

2.16. Adjacent Homes. Developers, Builder and adjacent Homeowners have the right to access adjoining homeowner's property to do maintenance and general upkeep on their home and property.

2.17. Remonstrations. Developer reserves the right to develop adjacent properties. Each lot owner agrees not to remonstrate against any future development as long as Developer follows The Town of Greenville zoning.

ARTICLE III COMMON AREAS

3. Maintenance and Ownership of Common Facilities and Open Space. As evidenced by the acceptance of a Deed, Contract or other means of transfer, for a lot in development, each owner covenants and agrees to pay annually a prorata share of the cost of maintenance of all associated common areas, both present and future, which may be constructed in the development. The assessment for the common areas shall be made and determined initially by the Developer, and subsequently said assessment determination may be assigned to the Homeowners Association as contemplated under these covenant and restrictions. Failure to pay the annual assessment by each lot owner shall operate as lien against the real estate, and also each lot owner failing to pay shall not be permitted to use any of the recreational facilities and other common amenities located in the common area of the development.

3.1. THE VILLAS OF HERITAGE SPRINGS HOMEOWNERS ASSOCIATION (herein referred to as the "Association").

(a) Any common facilities or open space areas designated on the development plat shall remain undivided. Ownership of open space may be by an undivided interest of each lot owner, by the community association.

(b) The protective covenants for the development shall specifically assign to the lot owner's homeowners association (Article 3.1) the obligation for the maintenance, repair and/or replacement of all sidewalks and trails within the development; shall require that liability insurance be procured and maintained, with a minimum single limit of \$1,000,000.00, for death, personal injury or property damage resulting from a failure to so maintain, repair or replace same; shall require that the association levy and impose upon each lot owner an annual fee sufficient to defray the costs and expenses associated with the obligations to be assigned pursuant to this subsection; and, if the sidewalks or trails or any part or portion thereof and to be located in the right of way of any public street or way, said covenants shall provide that the same are enforceable by the commission of behalf of The Town of Greenville.

(c) The Association shall be responsible for all taxes on any and all common areas. The Association shall procure and maintain adequate resources to manage the common facilities, maintain its property in good condition, and handle the financial and business affairs of the Association.

(d) The Association shall prepare an annual report and provide a copy of the report to the lot owners upon written request.

**ARTICLE IV
COMMUNITY ASSOCIATION**

4. Membership and Voting Rights.

(a) An association of lot owners to be known as the "Villas of Heritage Springs Homeowners Association" (the "Association") shall be incorporated as an Indiana not-for-profit corporation by the Developer within sixty (60) days after the first lot is sold to an unaffiliated or unrelated third party.

(b) Every owner of a lot in The Villas of Heritage Springs shall be a member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any lot, which is subject to assessment.

(c) The Association shall have one class of voting membership: when more than one person owns an interest in any lot all such persons shall be members. The vote for such lots shall be exercised as they among themselves agree, but in no event shall such vote be split into

fractional votes nor shall more than one vote be cast with respect for any lot. Each vote cast for a lot shall be presumptively valid, but if such vote is questioned by any member holding any interest in such lot, if any such members are not in agreement, the vote of such lot which is questioned shall not be counted.

(d) The owner of any lot within the Development, by acceptance of a Deed to any such lot, whether or not it shall be expressed in such Deed, is deemed to covenant to agree to pay to the Association an assessment in the initial sum of \$150.00 per lot beginning in the year of the first conveyance by the Developer to any person, firm or corporation. Thereafter the annual assessment shall be due on the 1st day of January of each year after such initial conveyance is made. The annual assessment, together with interest, cost and reasonable attorney's fees shall be charge on the land and shall be a continuing lien upon the property on which such assessment is made. Each assessment together with the interest, cost and reasonable attorney's fees shall also be the personal obligation of the person who was the owner of such property at the time the assessment was due. The personal obligations for delinquent assessment shall not pass to his successors in title unless expressly assumed by them in the "Deed of such lot".

(e) The purpose of the assessments levied by the Association shall be exclusively to promote the recreation, health, safety and welfare of the residents of the development and for the improvements and maintenance of the Common Areas, including; the development entrance or entrances and landscaping islands in the roadways of the entrance(s) and cul-de-sacs. The Association will also be responsible for any taxes or assessments imposed upon the common grounds. In addition, The Villas of Heritage Springs Homeowners Association shall also be required to carry liability insurance on common areas and indemnify individual lot owners.

(f) The Homeowners Association, by vote of the majority of the members of said Association, may increase or decrease the annual assessment.

(g) *Effect of nonpayment of assessments:* Remedies of the Association: any assessments not paid within thirty (30) days after the due date shall be charged interest from the due date at the rate of fifteen percent (15%) per annum. The Association may bring an action of law against the owners primarily to pay the same or foreclose the lien against the property. No owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of such lot.

(h) *Subordination of the lien and mortgages:* The liens of the assessment provided for herein shall be subordinated to the lien of any first mortgage in existence at the time that the assessment becomes a lien. Sale or transfer of any lot shall not affect the assessment lien. However, the sale or transfer of any lot pursuant to any mortgage foreclosure of any proceedings in lieu thereof shall extinguish the lien of such assessments as to payments, which become due prior to such sale or transfer. No sale or transfer shall relieve such lot from liability for the assessment thereafter becoming due or from the lien thereof.

(i) *Exempt property:* All properties dedicated to and accepted by a local public authority, the Common Areas, and all properties owned by the Developer shall be exempt from the assessment created herein, except no land improvements devoted to dwelling use shall be exempt from said assessments.

(j) The Developer shall call the first meeting of the Community session by giving thirty (30) day written notice to all members. Such meeting shall be held not later than the sale of the last villa within the development to a third party not affiliated or related to Developer in any manner.

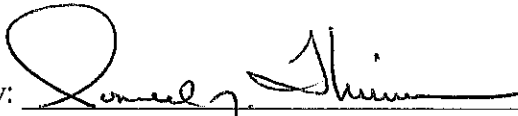

(k) *Notice and quorum for any action:* Written notice of any meetings called for the purpose of taking any action shall be sent to all members not less than thirty (30) days and not more than sixty (60) days in advance of the meeting. At the first meeting called, the presence of the members or all proxies entitled to cast sixty percent (60%) of all votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement. A required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. A majority vote of the quorum shall be required to take any action.

(l) *Directors and incorporation:* The Association may take the action of appointing a Board of Directors that act on behalf of the Association, and set for the by-laws to guide the Association and/or its Directors.

(m) *Owners' easement and right of enjoyment:* Every owner shall have the right and easement of enjoyment in and to the Common Areas, which right and easement shall be appurtenant to, and shall pass with, the title to every lot subject to the following provision: The right of the Association to dedicate or transfer a Common Area shall not be effective unless an instrument of agreement to such dedication or transfer is signed by two-thirds (2/3) of the members and has been recorded.
